THE CLIMAX OF THE HIGHWAY ROBBERIES

The Limit Reached in the Holding Up Yesterday of Mrs. James Allen on Crystal Lake Road-Obtained No Money.

The limit in the highway robberies, hich have occurred in Carbondale and vicinity for about three weeks, was cached yesterday morning, when two nen, described as hobo-like in their dress, held up Mrs. James Allen, of Greenfield, at the fork in the road at Wedeman's, close to the Fallbrook and Newton Water company's reservoir, along the Crystal lake road.

Mrs. Allen was on her way from her home in Greenfield to do some shopping in Carbondale, when she was intercepted. Two men sprang from behind bushes and grabbed the reins of the horse she drove. They demanded money from her. Though she was frightened, she was not unnerved; but seemed to acquire a good deal of nerve during the trying moments that the bold daylight highwaymen detained her on the roadway. She had considerable money, but it was wisely secreted on her person. Responding to the demand, she grabbed hold of an empty purse that hung from her belt showed it to the pair, and insisted that this was all the money she had about

"I'll be back about 5 o'clock this evening," said Mrs. Allen, "and if you are the kind of food element the body here, then I'll give you a few dollars for letting me go. I intend to draw some money from the bank in Carbondale."

The robbers, apparently satisfied that their endeavors were fruitless, let Mrs. Allen depart.

When Mrs. Allen reached this city about 9 o'clock, she reported the holdup at a store, where she made some purchases. She was a trifle nervous but otherwise showed no sign of her trying experience.

Mrs. Allen's description of the mer tallies exactly, as to height, with the pair who committed the Dundaff street robberies on Brennan and Miller. One transformed into grape sugar in the was tail and heavily built; the other was undersized. Both wore old, worn and dirty clothes.

Mrs. Allen bought a revolver before leaving Carbondale on the return trip, and declared she was ready for any one who might repeat the morning performance. Mrs. Allen was a former resident of Carbondale, Her husband gray matter in brain and is familiarly known as "Badger" Allen.

Honesdale Will Shake Today with Noise of the Curbstone Stripplings.

Unless indications fail utterly, the iggest crowd that ever left Carbondale to attend a game of ball elsewhere will be off to Honesdale over the 11.05 Delaware and Hudson train this forenoon. Enthusiasm is at white heat and it was fanned all day yesterday by some lusty persons who had the ringing all day with the drawl "Every-

A fourteen-months-old son of Joseph Trehanesse, of Simpson, narrowly escaped death by being scalded yesterday afternoon. The little one emerged from its terrible experience with side of its body fearfully blistered by scalding coffee.

Do You Know Your Neighbors.?

In a city a man may not know his next door neighbor. It is quite different in the country. In some sections a man may know every man, woman and child in the county and be able to give the family history of all his neighbors for generations back. In such a community a man who sees a neighbor in trouble is as quick to help him out he would be to aid one of his own children. An instance of this is related by H. H. Seal, a well known merchant Fortner, Tenn. His neighbor's wife was taken with a severe attack of colle. On hearing of it he ran to his store, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took it to the sick woman and gave her three dose of it, and he thinks saved her life. This was witnessed by all of his neighbors. This remedy is for sale by all druggists. Keep it in your home. It will save you

JERMYN AND MAYFIELD.

An effort is being made by the Clerk' union of Jermyn and Mayfield, to have a Wednesday afternoon half holiday Thus far they have met with gratifying success. Mayfield merchants who are always loyal in any move ment that will benefit or give pleasure to their help have all signed the peti tion. All of the merchants of Jermyn have signed except two and it is be lieved that they will soon fall in line as they cannot well afford to stand out in a loyal movement of this kind in times when trade is so dull and none would be inconvenienced by the stores closing one afternoon a week. It s rumored that this matter will be taken up in the miners local union and ask their support in the movement. The Clerk's who are more than modest in asking this favor would greatly ap preciate it and the merchants by grant ng it would be more than paid by the better service that they would get after the strike is over and their best efforts are needed in the interest of their
